QUARTZFORMS

***A group’s success is determined
by the harmony and synergy
of all those involved.***

*Il successo di un Gruppo dipende
dall’armonia e dalla sinergia di tutti
i soggetti coinvolti.*

*Der Erfolg einer Gruppe hängt
von der Harmonie und der Synergie
aller beteiligten Personen ab.*

Destination

Quartzforms

The group was born in 1981, thanks to the passion and artisan expertise of its founder, Domenico Luigi Scapin. Quartz agglomerate arrived on the market in the early nineties: an utterly innovative material with a natural appearance and unparalleled resistance, guaranteeing exceptional performance. We immediately recognised its potential, not least in interior design, and undertook to process and market the new material. In 2010 we launched Quartzforms S.p.A. and acquired a Bretonstone® production facility in Germany, renowned for its excellent compliance with the most stringent safety and environmental standards. Today we offer the public, designers and architects the very best engineered stone, the result of our dedication, creativity and experience.

Because the future lies in our roots.

*Die Gruppe wurde 1981 geboren dank der
Handwerkskunst und Leidenschaft ihres Gründers
Domenico Luigi Scapin. Quarzkomposit kam
Anfang der neunziger Jahre auf den Markt: Es
handelt sich um ein absolut innovatives Material mit
natürlicher Ausstrahlung, das über unvergleichliche
Beständigkeitseigenschaften verfügt und daher
außerordentlichen Ansprüchen genügen kann. Wir
haben das Potential, auch im Einrichtungsbereich,
sofort erkannt und uns die Transformation und
Vermarktung zur Aufgabe gemacht. Im Jahr 2010
haben wir durch den Erwerb einer Bretonstone®-
Produktionsstätte in Deutschland Quartzforms
S.p.A. gegründet, die sich durch strikte Einhaltung
von Umwelt- und Sicherheitsstandards auszeichnet.
Heute bieten wir Privatkundschaft, Architekten
und Designern den optimalen Engineered Stone,
entstanden aus unserem Engagement, unserer
Kreativität und unserer Erfahrung. Denn die Zukunft
liegt in unseren Wurzeln begründet.*

*Il gruppo nasce nel 1981 grazie alle competenze
artigianali e alla passione di Domenico Luigi Scapin,
il fondatore.
L’agglomerato di quarzo compare sul mercato
nei primi anni novanta: è un materiale del
tutto innovativo, di effetto naturale, dotato di
ineguagliabili caratteristiche di resistenza e pertanto
capace di garantire elevatissime prestazioni. Ne
abbiamo subito intuito le potenzialità, anche
nell’ambito dell’arredamento, e ci siamo assunti
l’impegno di trasformarlo e commercializzarlo.
Nel 2010 abbiamo creato Quartzforms S.p.A.
acquisendo in Germania un impianto produttivo
Bretonstone® contraddistinto dalla massima
adesione ai più severi standard ecologici e di
sicurezza. Oggi offriamo al pubblico, ai progettisti
e ai designer la migliore engineered stone, nata
dalla nostra dedizione, dalla nostra creatività e dalla
nostra esperienza.
Perché il futuro è nelle nostre radici.*

The sound of waves

Just as we ponder the mysteries of the celestial sphere and the infinite galaxies throughout it, or contemplate lush woodlands, so our imagination is drawn to the expanses of the ocean, the depths of the abyss and the hypnotic sound of waves.

Such impressions have inspired us to create a collection of expressive and luminous slabs. Contemporary yet timeless, they enhance the environments in which they are placed with a new light. A valuable resource for prestigious and innovative interior design projects.

So wie wir uns Fragen zu den Mysterien des Himmelsgewölbes und der unendlichen Galaxien darin stellen oder unseren Blick über üppige Waldflächen streifen lassen, genauso wird unsere Fantasie von den Weiten der Ozeane, den Tiefen der Meeresgründe und dem hypnotischen Klang der Wellenbewegung angezogen. Diese Empfindungen haben uns zu einer Kollektion von ausdrucksstarken und hellen Platten inspiriert, zeitgemäß, doch zeitlos, die die Umgebungen, in die sie eingefügt werden, in einem völlig neuen Licht erstrahlen lassen. Eine kostbare Ressource für edle und innovative Innendesignprojekte.

Così come ci interroghiamo sui misteri della volta celeste e delle infinite galassie che la punteggiano, o contempliamo le lussureggianti superfici boschive, allo stesso modo la nostra immaginazione è attratta dalle distese oceaniche, dalle profondità degli abissi, dal suono ipnotico del moto ondoso. Queste sensazioni ci hanno ispirato una collezione di lastre espressive e luminose, contemporanee ma senza tempo, che arricchiscono di una luce inedita gli ambienti nei quali vengono inserite. Una preziosa risorsa per progetti di interior design prestigiosi e innovativi.

Dimension: 320 x 155 cm (126" x 61")
Thickness: 2 cm - 3 cm (3/4" - 1 1/4")

Colours and brightness of printed reproductions are indicative.
The slab simulates natural stone so, some changes are possible in the final product.

MIDNIGHT

The sea can hypnotize

Black, impenetrable and deep, the surface of Midnight slabs is illuminated by white through veins of varying thickness, from narrow to wide, tracing an undulating pattern of markings that evoke the age-old action of time. For projects inspired by formal elegance, ideal for contexts in a classic or a more contemporary style.

Die schwarze, undurchdringliche und tiefgründige Oberfläche der Platten Midnight wird durch durchgehende weiße Äderungen unterschiedlicher Stärke, von schmal bis ausgeprägt, erhellt, die sie mit einem wellenförmigen Netz überziehen, das die Zeichen von Abertausenden von Jahren in sich trägt. Für Projekte, die nach einer formellen Eleganz streben, sowohl für klassisch als auch für zeitgemäßer ausgelegte Umgebungen geeignet.

Nera, impenetrabile e profonda, la superficie delle lastre Midnight è illuminata da bianche venature passanti di diverso spessore, da sottile a marcato, che tracciano un ondeggiante reticolo di segni che evocano l'azione millenaria del tempo. Per progetti ispirati all'eleganza formale, adatta sia agli ambienti di impronta classica che a quelli di stile più contemporaneo.

ARCTIC

Every drop in the ocean counts

The white colour of this deep, compact slab, brings unique luminosity to interiors. It is adorned with an elegant pattern of grey veins, alternately finer or thicker, that attract and capture our attention, like the lines created by waves on sand. This reflects the great mastery achieved by Quartzforms® in processing quartz agglomerate, interpreting nature and its gifts.

Das tiefe und kompakte Weiß dieser Platte verleiht den Umgebungen eine einzigartige Helligkeit. Sie ist durch einen eleganten Verlauf teils feiner, teils stärkerer grauer Äderungen geprägt, die den Blick anziehen und verführen, so wie von den Wellen in den Sand gezeichnete Muster. Ein Beweis der großen Meisterschaft, die Quartzforms® in der Bearbeitung des Quarz-Agglomerats erlangt hat, indem es die Natur und ihre Gaben interpretiert.

Il colore bianco di questa lastra, profondo e compatto, conferisce agli ambienti una singolare luminosità. È decorato da un elegante tratteggio di venature grigie, ora più fini ora più spesse, che attirano e seducono lo sguardo, come i disegni che le onde creano sulla sabbia. Una prova della grande maestria raggiunta da Quartzforms® nella lavorazione dell'agglomerato di quarzo, interpretando la natura e i suoi doni.

LAGOON

Sky above, sand below, peace within

The luminous background of the Lagoon slab is crossed by an impressive pattern of fine grey-green veins. It recalls fine, classic style marbles, given a decorative, contemporary twist. Like all Quartzforms® slabs, it can be used to clad walls, floors and any other surface in rooms, bringing luminosity, elegance and uniqueness to every space.

Der leuchtende Untergrund der Platte Lagoon ist von einem kaum wahrnehmbaren Geflecht aus schmalen grau-grünen Äderungen durchzogen. Sie erinnert an die großen Marmore im klassischen Stil, nur in dekorativer und zeitgemäßer neuer Auslegung. Wie alle Platten von Quartzforms® eignet sie sich zum Verkleiden von Wänden, Böden und sämtlichen anderen Oberflächen von Umgebungen und sorgt überall für Licht, Eleganz und Einzigartigkeit.

Il luminoso fondo della lastra Lagoon è attraversato da un'impalpabile trama di sottili venature grigio-verdi. Rammenta i grandi marmi di stile classico, reinterpretati in chiave decorativa e contemporanea. Come tutte le lastre Quartzforms®, si presta a rivestire pareti, pavimenti e qualunque altra superficie degli ambienti, apportando ovunque luce, eleganza e unicità.

REEF

The voice of the sea speaks to the soul

Fine dark red veins alternate with more fleeting ones in a delicate grey colour with golden shimmering effects. They create a refined texture that interrupts and embellishes the pearly white background, rich in depth. A skilful interpretation of natural stone, evoking classic Breccia Capraia marble, which architects and interior designers can use to enhance any type of context and make it unique.

Schmale dunkelrote Äderungen wechseln sich mit flüchtigeren Linien in einem zarten Grau ab, das durch goldene Anklänge veredelt wird. So wird eine erlesene Textur geschaffen, die den perlweißen Untergrund voller Tiefe durchbricht und schmückt. Eine gekonnte Interpretation von Naturstein, die an den klassischen Breccia Capraia denken lässt, mit dem Planer und Innendesigner jede Art von Umgebung zur Geltung bringen und zu etwas Einzigartigem machen können.

Sottili venature rosso scuro si alternano ad altre, più sfuggenti, in un delicato grigio impreziosito da bagliori dorati. Creano una raffinata texture, che interrompe e decora il fondo bianco perlaceo, ricco di profondità. Una sapiente interpretazione della pietra naturale, che evoca la classica Breccia Capraia, con la quale i progettisti e gli interior designer potranno valorizzare e rendere unico qualunque tipo di ambiente.
